SAFETY DATA SHEET

Date Revised: 05/15/2018

SECTION 1. IDENTIFICATION

Product Name: Yttrium-Aluminum Alloy

CAS #:

Relevant identified uses of the substance: Scientific research and development

Supplier details: Stanford Advanced Materials 23661 Birtcher Dr. Lake Forest, California, 92630

Phon e number:

International: (949) 407-8904

SECTION 2. HAZARDS IDENTIFICATION

Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 The substance is not classified as hazardous to health or the environment according to the CLP regulation. Classification according to Directive 67/548/EEC or Directive 1999/45/EC N/A Information concerning particular hazards for human and environment: No data available Hazards not otherwise classified No data available Label elements Labelling according to Regulation (EC) No 1272/2008 N/A Hazard pictograms N/A Signal word N/A Hazard statements N/A WHMIS classification

SECTION 4. FIRST AID MEASURES

Description of first aid measures If inhaled: Supply patient with fresh air. If not breathing, provide artificial respiration. Keep pa	atient wa	rm		
Seek immediate medical advice.				
In case of skin contact: Immediately wash with soap and water; rinse thoroughly. Seek immediate medical advice.				
In case of eye contact: Rinse opened eye for several minutes under running water. Consult a physician. If swallowed:	· · .	.1		
Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No data available		;···		
Indication of any immediate medical attention and special treatment needed No data available		1 1		
the second s		:	1. A.	

SECTION 5. FIREFIGHTING MEASURES

Extinguishing media S uitable extinguishing agents

Special powder for metal fires. Do no	t use wate	r.	· · · ·	1 - 1 1		н н н			
For safety reasons unsuitable extingu									
Water		· .		1	· .		1	· · ·	
Special hazards arising from the subs	stance or n	nixture	1						
If this product is involved in a fire, the			released:						
Metal oxide fume	0								
Advice for firefighters							111		
Protective equipment:									
Wear self-contained respirator.									
Wear fully protective impervious suit.		'			'				
			· · ,		· · .	· · .		11	
SECTION 6. ACCIDENTAL RE	LEASE N	NEASU	JRES						
Personal precautions, protective equi	pmen <u>t</u> and	l emerg	enc <u>y</u> proce	dures					
Use personal protective equipment. K	Ceep unpro	ptected p	persons av	vay.					
Ensure adequate ventilation									
Environmental precautions:		'	1		'				
Do not allow material to be released t	o the envi	ronment	t without of	ficial pe	rmits.		1		
Do not allow product to enter drains, s	sewage sy	stems,	or other wa	ater cou	rses.				
Do not allow material to penetrate the	ground o	r soil.			·		.:	1. N.	
Methods and materials for containme	nt and clea	anup:							
Pick up mechanically.									
Prevention of secondary hazards:									
No special measures required.

This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well-sealed containers. Protect from humidity and water. Specific end use(s) No data available

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. **Control** parameters Components with limit values that require monitoring at the workplace: 7440-65-5 yttrium (100.0%) PEL (USA) Long-term value: 1 mg/m³ as Y REL (USA) Long-term value: 1 mg/m³ as Y TLV (USA) Long-term value: 1 mg/m^3 as Y EL (Canada) Long-term value: 1 mg/m³ as Y EV (Canada) Long-term value: 1 mg/m³ metal and compounds Additional information: No data Exposure controls Personal protective equipment Follow typical protective and hygienic practices for handling chemicals. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Recommended filter device for short term use: Use a respirator with type N95 (USA) or PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards. Protection of hands: Impervious gloves Inspect gloves prior to use. Suitability of gloves should be determined both by material and guality, the latter of which may vary by manufacturer. Material of gloves Nitrile rubber, NBR Penetration time of glove material (in minutes) No data available Eye protection: Safety glasses Body protection: Protective work clothing.

SECTION 11. TOXICOLOGICAL INFORMATION

Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

SECTION 12. ECOLOGICAL INFORMATION

Toxicity								
Aquatic toxicity: No data available								
Persistence and degradability: No data ava	ailable							
Bioaccumulative potential: No data availab	le		і 1 — 1					
Mobility in soil: No data available								
Additional ecological information:								
Do not allow material to be released to the	enviro	nment v	vithout offic	cial pern	nits.	· · .		
Avoid transfer into the environment.				•				
Results of PBT and vPvB assessment								
PBT: N/A								
vPvB: N/A		1.1					1	
Other adverse effects								
No data available	1 1		1					

SECTION 13. DISPOSAL CONSIDERATIONS

Waste treatment methods								
Recommendation	. 1	1.1.1		. '	 	. 1	 	
Consult official regulations to	o ensure p	roper disp	oosal.					
Uncleaned packagings:								
Recommendation:					 		 1. C	
Disposal must be made acce	ording to o	fficial reg	ulations

SECTION 15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture National regulations All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. All components of this product are listed on the Canadian Domestic Substances List (DSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on themarket and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. **REACH** - Pre-registered substances Substance is listed. Chemical safety assessment:

A Chemical Safety Assessment has not been carried out.

SECTION 16. OTHER INFORMATION

This material safety data sheet is offered solely for your information, consideration, and investigation. Stanford Advanced Materials provides no warranties, either express or implied, and assumes no responsibility for the accuracy or completeness of the data contained herein.
